Book Details:

Review: This is a book I purchased to support 3rd grade home school curriculum on echo systems, and I paired it with a nature hike to learn names of desert trees and wildflowers. This book aligns well with Common Core standards, such as they are. What I loved about this, interestingly enough is on the first page, where it likens the saguaros to people. When...

Description: A venerable saguaro cactus stands like a statue in the hot desert landscape, its armlike branches reaching fifty feet into the air. From a distance it appears to be completely still and solitary—but appearances can be deceptive. In fact, this giant tree of the desert is alive with activity. Its spiny trunk and branches are home to a surprising number...
